

1" & 2" Solenoid Valve

1"

2"

The SureFire 1" and 2" Solenoid Valve is a Class I, Division 1 and Division 2 rated electric solenoid valve engineered for hazardous location service. The valve is designed for reliable operation in applications with operating pressures ranging from 5 to 115 psi, providing safe and dependable control in environments where flammable gases or vapors may be present.

Specifications

Wetted Surfaces:	316 stainless steel
Port Size:	1" NPT, 25 mm orifice / 2" NPT 50 mm orifice
Valve Type:	2-way, normally closed
Operating Pressure:	5-115 psi (differential pressure operation)
Operating Temperature:	-20F - 176F
Coil Duty:	Class F, IP65, 100% ED. Explosion Proof Coil
Voltage:	12 VDC
Coil Power:	4.5 watts
Certifications:	Class I, Div. 1 & 2, Group A, B, C, D; Class 2, Group E, F, G
